Verner Panton Cushions by Skriver Collection

Upholstery fabric: Woven in pure new wool. Produced in Denmark. Dry clean only.
Price includes inner filling 100% Feather/Down.

In 1990 Verner Panton was commissioned to design a series of furniture textiles for the Danish State Railways DSB. Jens Nielsen, DSB's chief architect commissioned the project, and Verner Panton designed a simple, square pattern with a base colour and a contrasting colour. The project was abandoned when Jens Nielsen sadly died, and then Verner Panton himself died in 1998, and so the DSB designs were forgotten for many years. Then the weavers, who had once worked with Verner Panton, showed the designs to Jane Skriver and she was then totally sold.
